24-key floor musical play mat

Generuota 2026-01-15

Name

Description

More

This musical mat makes sounds when you touch it, helping children to develop their hand-eye coordination skills. It features 8 musical instrument sounds (guitar, piano, clarinet, trumpet, saxophone, violin, banjo and xylophone) to help them learn to recognise different sounds and instruments, and to stimulate their cognitive abilities and memory.

This piano mat has 124 keys, 8 instrument modes (guitar, piano, clarinet, trumpet, saxophone, violin, banjo and xylophone) and 5 selection modes (10 demo songs, one key, one note, play, play back and record). Children will enjoy creating their own music and developing their imagination. Or they can dance to the Demo Songs, which contain up to 10 different songs.

This piano play mat complies with the EU EN71 toy safety standard. It is made of non-toxic, high-resistance vinyl that can last in all conditions and is easy to clean. It has a non-slip backing. It's lightweight, easy to fold and portable for storage, making it perfect to take with you, whether it's on a family camping trip, picnic or road trip.

It's a jumbo-sized musical mat measuring 180 cm x 73 cm, big enough for more than one child to play at a time. It allows interactive entertainment for children or parents together. Children can have a dance party and move freely on the mat.

Power: 4*AA batteries (not included)

Dydis
