

## Green Cell Power Inverter 24V to 230V 500W/1000W Pure sine wave

Generuota 2026-08-26

| Name                            | Description              |
|---------------------------------|--------------------------|
| Warranty                        | 24 months                |
| Output voltage                  | 230V alternating current |
| Output frequency                | 50 Hz                    |
| Efficiency                      | 90 %                     |
| Power Used (Constant)           | 500W                     |
| Instantaneous power (impulse)   | 1000W                    |
| The shape of the output voltage | A pure sinusoid          |
| Item code                       | INV17                    |
| Įvesties įtampa                 | 24V DC                   |
| Gamintojas                      | Greencell                |
| Indicator                       | LED indicators           |
| COLOUR                          |                          |
