

„Xiaomi“ išmanioji kamera C300 3 MP, 1,4 mm, H.265, „MicroSD“, maks. 256 GB, balta

Generuota 2025-07-16

| Pavadinimas               | Aprašymas         |
|---------------------------|-------------------|
| Display                   | 1920 x 1080       |
| DisplayPorts quantity     | 1                 |
| Connector type            | Bluetooth         |
| Gross depth master carton | 435 mm            |
| UPS topology              | Off line          |
| Maximum refresh rate      | 160 Hz            |
| Output connections        | Headset output    |
| Wearing style             | Over-Ear          |
| Mesh Support              | No                |
| Memory clock speed        | 3200 MHz          |
| 3G                        | No                |
| Dimensions (WxDxH)        | 93 x 298 x 340 mm |

| Pavadinimas                  | Aprašymas                               |
|------------------------------|-----------------------------------------|
| Video compression formats    | H.265                                   |
| Volume (m3)                  | 0.0012154552 m <sup>3</sup>             |
| Memory slots                 | MicroSD, max. 256 GB                    |
| Memory layout (slots x size) | 1x16 GB                                 |
| Swivelling                   | No                                      |
| Colour of product            | Black                                   |
| Gross weight                 | 0.411 kg                                |
| Wi-Fi standards              | N/A                                     |
| Processor cores              | 6                                       |
| Display diagonal             | 34 "                                    |
| Certification                | IEC/EN 62040-1, IEC/EN 62040-2, CE, EAC |
| Noise canceling              | No                                      |
| Wi-Fi band                   | No Wi-Fi                                |
| Output voltage               | 5.5 mV                                  |
| Aspect ratio                 | 16:9                                    |
| Other features               | Product length: 1m                      |
| Capacity                     | 400 W                                   |

| Pavadinimas              | Aprašymas                                         |

| Display                  | 3440 x 1400 pixels                                |
| TV tuner integrated      | No                                                |
| WEEE tax                 | Yes                                               |
| Switch type              | Web Management                                    |
| Keyboard language        | Nordic                                            |
| Viewing angle, vertical  | 178 Â°                                            |
| Technical features       | With super clear 2K image quality and upgraded AI |
| Data transfer rate (max) | 1 Gbit/s                                          |
| Gross width (mm)         | 86 mm                                             |

| Pavadinimas                | Aprašymas              |
|----------------------------|------------------------|
| Power supply voltage       | 220-240 V              |
| Combo ports quantity       | 1                      |
| VESA mounting              | Yes                    |
| Form factor                | Tower                  |
| Maximum resolution         | SVGA (800x600)         |
| Gross height master carton | 235 mm                 |
| Flash memory               | 128 MB                 |
| Tilt angle                 | -5/30 °                |
| Ethernet LAN data rates    | 10/100/1000 Mbit/s     |
| Packing quantity           | 1.00 pc(s)             |
| Megapixel                  | 3 MP                   |
| Total storage capacity     | 256 GB                 |
| Viewing angle, horizontal  | 178 °                  |
| USB ports quantity         | 1 x USB-B, 4 x USB 3.2 |
| Internal memory            | 2048 MB                |
| Gross height (mm)          | 158.8 mm               |
| Driver size                | 40 mm                  |

| Pavadinimas                | Aprašymas                                                                                                                                                                                                                                                       |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

| Supported network protocols | Wi-Fi, Bluetooth    |
| Net weight master carton    | 7.86 kg             |
| Impedance                   | 36 Ω                |
| Ethernet LAN (RJ-45) ports  | No                  |
| Built-in speaker(s)         | Yes                 |
| WEE classification          | CL109:6:2017-04-01  |
| Throw ratio                 | 1.94:1              |
| Console port                | RS-232              |
| PET                         | 124.00 g            |
| Power consumption (typical) | 4.3 W               |
| Processor frequency         | 2.5 GHz             |
| Composition of battery      | CL127:KT:2016-12-09 |
| Optical drive type          | DVD±RW              |
| Panel type                  | VA                  |
| Type                        | Desktop             |
| Producer product name       | C300                |

| Pavadinimas                   | Aprašymas        |
|-------------------------------|------------------|
| Tare weight master carton     | 0.53 kg          |
| Microphone frequency          | 50-20000 Hz      |
| USB-C                         | No               |
| Connectivity technology       | Wired            |
| Web-based management          | Yes              |
| Plastic (No PET)              | 4 g              |
| Lens type                     | 1.4mm            |
| Supported data transfer rates | 10/100/1000 Mbps |
| Display surface               | Anti Glare       |
| Weight                        | 3000 g           |
| USB-C power delivery          | N/A              |
| Type of battery               | Accumulator      |
| Fits up to size               | 15 "             |
| Touchscreen                   | No               |
| Producer product family       | Smart Camera     |
| Gross weight                  | 1.572 kg         |
| TI weight (kg)                | 3.00 kg          |

| Pavadinimas                | Aprašymas                                                |
|----------------------------|----------------------------------------------------------|
| Solid-state drive capacity | 256 GB                                                   |
| Bluetooth                  | No                                                       |
| Energy efficiency class    | G                                                        |
| Capacity                   | 650 VA                                                   |
| Combined (other)           | 206.0000 g                                               |
| Processor model            | i5-12400                                                 |
| Swivel angle range         | -180/180 °                                               |
| Aspect ratio               | 21:9                                                     |
| Other features             | USB Traditional keyboard and USB Calliope mouse included |
| No flickering              | Yes                                                      |
