More

The Hair and Beard Clipper is not only practical but also very easy to use. Ergonomically shaped to fit comfortably in any hand, ensuring ease of use. The machine takes just 90 minutes to charge, after which it is fully ready for use. From a full charge it can be used for up to 120 minutes.

Thanks to the built-in rechargeable battery, there's no need to worry about not having an electrical outlet nearby. If you forget to charge it, no need to worry, just plug it into the charging cord and keep using it.

Thanks to the included interchangeable tips, the hair clipper allows you to cut and style hair and beards of all lengths.

The blades are made of top quality stainless steel and are sharp and durable.

R-shaped blades for safe use - easily cut hair without damaging the skin.

4 interchangeable cutting combs with different cutting lengths for easy cleaning. Low noise level and waterproof housing for use in the shower. The ultra-short cutting length, down to 0 mm, can also be used for engraving and beard shaping.

Quality haircuts at home using blade attachment technology, which reduces friction between the moving blade and the fixed blade, also effectively reducing noise.

Premium quality stainless steel blade with a sharp angle. All steel corner knives are safe, sharp and wear-resistant.

Ergonomic design: compact body for comfortable use. Medium size for a feeling of comfort. The housing is made of the highest quality materials which do not fade after long use.
