

Facial Cleansing Brush Electric

Generuota 2025-06-07

More

Double-sided silicone massage head with a small massage head for deep cleaning of dead corners and an additional 4 interchangeable brush heads with a 360° rotating design and 4 different speeds. Silicone facial cleansing brush, waterproof design and food-grade silica gel material, making it easy to use anytime, anywhere.

FUNCTIONS

1. Small soft silicone brush for gentle cleaning of sensitive areas. 2. A coarser silicone brush for thorough pore cleaning. 3. Long ultra-fine brush for more intensive cleansing and gentle exfoliation. 4. Rolling massage head to improve blood circulation and refresh facial muscles. 5. Easily rechargeable.
