Generuota 2024-05-10

| Name | Description |
|-------------|--|
| Model | G3009 Silicone Portable Electronic Drums, HIGH CLASS, Red |
| More | Jazz drum music mat. Excellent sound quality and professional design Digital drum USB MIDI connection allows the musician to upload rhythms to a computer Compact and easy to carry for students or professionals who want to perform and play in bands. 9 drum pads with different sounds: crash cymbal, TOM, snare, open/close cap, low-floor tom, low-mid to ride cymbal, simulating the real beating effect. A digital drum built from two speakers and a built-in microphone: with a super-shocking bass effect and the desired sound effect, no additional connection to any speaker box is required. The main function of the built-in metronome helps to train a good sense of rhythm. Other people are never disturbed when the headphones are in use, you can enjoy the playback and you can also connect external speakers. |
| FUNCTIONS | "The Pedal control simulates a true "hat-hat" effect - "Hi-Hat" and "Snare Pad" sounds can be used as alternatives to facilitate the use of different drum playersBass drum can simulate a real drum for training and proper practice with the pedal controller -Twin speakers provide high sound quality -Audio connection without disturbing anyone -Equipped with a metronome to train the right rhythm -Different playing styles including pop, rock, Latin, electronica, etcSmall and lightweight, easy to carry -Large drum kit for learning, for practicing kids or beginners, for family fun and friends |
